

XERO CASHBOOK

THE KEY TO BETTER CASHFLOW

Xero is an online accounting system designed for small business owners to work with their accountants, business partners and staff, all in real-time. It has been engineered from the ground up to truly make accounting easy.

Xero Cashbook is a simplified version of Xero, only available through your accountant. It is designed to help you manage your cash and allows your accountant to manage your books – all over the internet. There is no software to install, and it's no hassle to set up. Xero simply allows you to get on with your business and not have to worry about accounting.

XERO IS SHAPED BY YOU AND YOUR ACCOUNTANT

Xero has worked with hundreds of business owners and accountants to determine what they both need, and expect, in a modern accounting system. Xero's intuitive design and advanced features make accounting accessible for both experts (accountants) and non-experts (small business owners).

ON THE SAME PAGE

Ask my accountant

Send a question directly to your accountant. You'll receive a response via email.

Your question:

Can you please review my sales tax?

Send me (nathania@hornblower.org) a copy

Communicate directly with your accountant from within Xero, using the Ask My Accountant functionality. This feature allows both you and your accountant to view and share the same information at the same

time. No more sending large, out of date files back and forth, and no need to upgrade your software just to be compatible with your accountant's.

DIRECT DAILY BANKING

Avoid the clutter and stress that you usually face every month getting all your banking data together to send onto your accountant. Xero is connected to major trading banks so your bank transactions automatically appear every day, saving you time and taking away the pain of manual data entry. When it comes to doing your GST, you're already up to date and it's as simple as just forwarding on your return to the tax authorities.

GROWS WITH YOU

Although Xero Cashbook has been simplified to manage your cash, the full version of Xero still powers your business. So when you are ready for invoicing and managing payables, simply ask your accountant to upgrade you to unlock further functionality.

CASHFLOW IS KING

Even more so today, cashflow is king. Xero's banking integration absolutely improves your cashflow and visibility of your finances. Getting your banking information automatically entered into your accounting system is definitely a big time saver. More importantly, your information is accurate and up to date, which is the cornerstone of any cash management.

CONSTANT IMPROVEMENT

Xero is constantly evolving every month. These seamless improvements all take place behind the scenes meaning no hassle and no stress. You are always using the latest and best service.

FROM A BUSINESS OWNER'S PERSPECTIVE

Mark Inglis, director of three companies and Mt Everest double amputee climber, says Xero's automatic bank feeds are an innovative, timesaver, essential for anyone in business.

"Our bank accounts are automatically updated in Xero, which is extremely helpful for us when I'm travelling. With everything online, we always know where things stand."

"Our accountant just loves Xero. He hops online and everything is there waiting for him, all totally up-to-date. It means that now our accountant isn't just someone to crunch numbers but a strategic partner in our business."
